- ◆ Flexible choice of installation:
 - Counter-top mounting
 - Optional casters for mobility
 - Optional legs for stationary placement
- ◆ Adjustable thermostat and temperature gauge monitors inside air temperature.
- ◆ Holds up to six full-size pans.
- ◆ Low energy usage.

Sizes and Specifications

MODEL 750-CTUS HOLDING CABINET

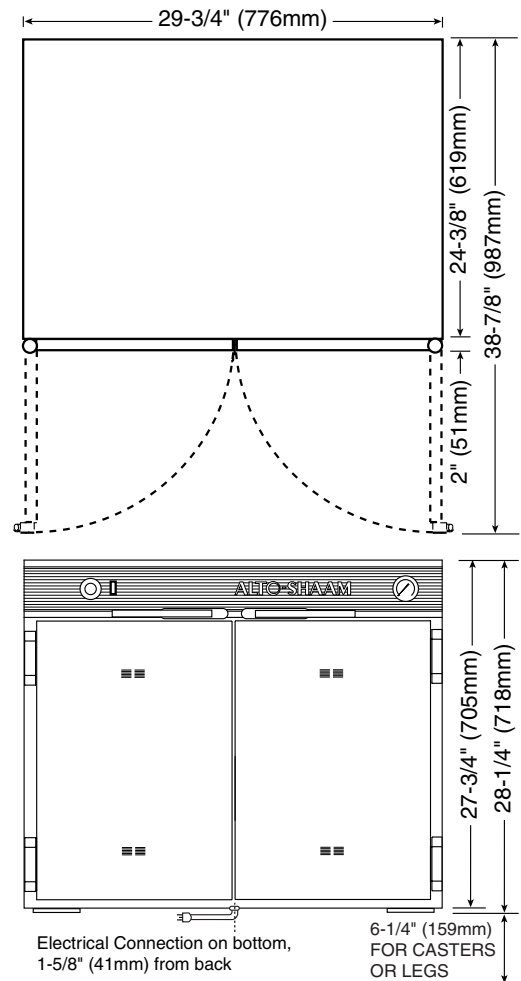

22 gauge stainless steel exterior and French doors with two (2) positive latch door handles. The cabinet is controlled by one (1) ON/OFF adjustable thermostat, 60° to 200°F (16° To 93°C); includes one (1) indicator light; and one (1) holding temperature gauge to monitor inside air temperature. The cabinet is furnished with two (2) chrome plated side racks spaced at 3" (76mm) centers to hold full-size sheet pans or can be furnished with optional chrome plated wire shelves for holding half-size sheet pans and standard full-size pans (gastronorm).

SPECIAL INFORMATION:

When ordering please indicate voltage requirements.

In order to maintain standards established by the National Sanitation Foundation, all counter-mounted equipment must be sealed to the counter with a NSF listed sealant or equipped with 6" (152mm) legs.
