

Model: GHE/80-H**Description:** Gas range with 4 burners at 7 kW and electric oven**Code: 0104915313****Approval seal: CE** No. 0085AR0175**Conformity EN:** 203-1, 60335**Protection degree:** IPX4**Energy supply:** Gas (LPG and natural gas)/electric**External dimensions BxTxH:** 800 x 850 x 850 mm**Installation:**

- On feet
- On plinth

Quantity of the cooking areas: 4**Quantity of the basins:** 2**Capacity of the basin (overflow volume):** ca. 4,5 litres for each basin**Total nominal capacity gas:** 28,0 kW (24.080 Kcal/h)**Lower section:** electric oven**Execution:**

- Panelling in stainless steel (AISI 304)
- Satinated surface treatment "Scotch Brite"
- Deep set tops in stainless steel, 1,2 mm thick
- Adjustable feet in heights between 150 and 200 mm

Features:

- Use and regulation of the burner capacity through gas cock with thermoelectric ignition safety device
- Constant readiness of working because of mainly protected ignition flames against contamination
- Low consumption of the ignition flame = 100 W
- Burner distance 400 mm in the width and 335 mm in the depth
- In series equipped with one grate for 2 burners
- Grate in stainless steel (AISI 304)
- Deep set basins with waterproof mounted burners
- Ignition flame and ignition safety device integrated in the burner head
- 7 kW - burner with double crown (at min. adjustment 2,1 kW of capacity)
- "Cantilevered" construction of the burner heads
- Big and small burner freely exchangeable
- Heavy burner execution in nickled cast iron
- Burner cover in brass
- Appliance connection fitting (gas isolating valve) integrated in the appliance

Control panel:

- Clearly arranged control and regulation elements at the front side
- Integrated piezo igniter

Lower section: Electric oven**Muffle volume:** net 95 litres**Nominal capacity:** 5,0 kW**Voltage:** 400V 3 ~**Internal dimensions muffle BxTxH:** 535 x 660 x 270 mm**Capacity:** 2 racks for 2/1 GN baking tray**Execution:**

- Lateral panels and raw-pull guides in stainless steel
- Reinforced bottom sheet, extractable
- Counterpanel oven door deep set in stainless steel 18/10, without seal

Features:

- Super and low heat adjustable independently
- Use and regulation of the temperature through separate electromechanical thermostats

- Armoured heating elements in stainless steel
- Robust hinges
- New, ergonomic door handle across the whole door width
- In series: 1 baking tray and 1 grate

Control panel:

- All control and regulation elements on the control panel of the appliance

Special execution and optimal against supplementary price

- Star grates for 1 burner
- Reduction grate
- Hand rail
- One piece top without welded joints (hygienic execution)
